FM Florist Management Diploma

Online FM
Course
available

15 lessons
60 lectures
1.5 hours/lesson

Learning floral art can be a hobby, or it can be professionally developed into different floral related careers. Floral art skills combined with global management skills can achieve zero-dumpage, scalable, low cost but profitable enterprises. This course equips students with powerful knowledge who plan to find a job, start a creative business or plan to relocate to other countries.

Principal Theresa Lam will share her years of local and overseas floral business insights with students, and will unveil tips and secrets of the global floral industry during the classes. Through theoretical lectures, the syllabus is created to distill globally applicable key advices, knowledge and skillsets on the operations and management of the industry.

FM is a diploma course composed of 3 modules. Students may just sign in any one of the modules, and apply for the Florist Management Diploma upon completion of the 3 modules.
